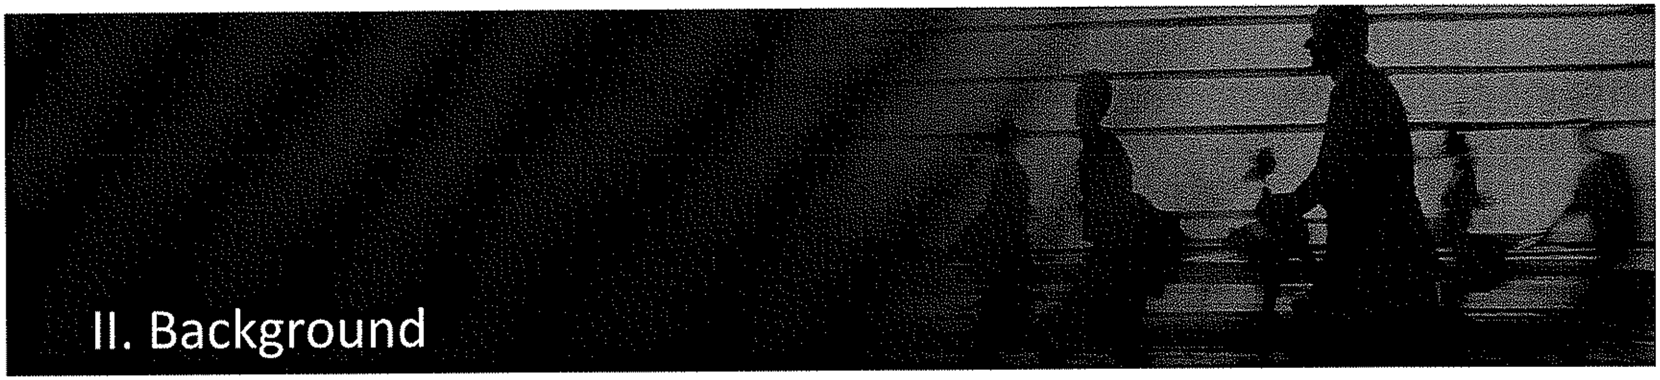
I. Executive Summary

Executive Summary

- The November 20 Proposal provides the basis for a formal or informal standstill period during which the Company can develop, negotiate and implement a structure providing a viable long term solution
- The November 20 Proposal has shown to be effective as an interim measure providing liquidity and stability to the Company but it is unlikely to provide a definitive solution. One significant obstacle to its long-term implementation is the transfer of cash flows away from banks towards charterers
- In considering alternatives for a financial restructuring, the Company sought to achieve the following key objectives:
  - Compensate stakeholders adequately for their risk-weighted capital exposure and concessions
  - Constrain cross subsidization between stakeholders related to different underlying assets
  - Ring-fence potential sources of disruption, holdout, or nuisance (such as arrests or sister-ship arrests)
  - Maximize options for stakeholders and potential for self-selection
- A long term plan involves grouping and ringfencing assets according to their debt service capacity and sensitivity to a recovery in rates.
- This can be achieved by executing arms-length sale transactions of the [SPVs] at market value into appropriate newcos:
  a) Newco Alpha: up to 29 vessels (mostly Tanker operations) financed by "Hamburg" banks, Natixis, Credit Europe (including Second Lien), NSF Second Lien and Lloyds; Alpha to be partially recapitalized with new equity and financed through 5 different facilites
  b) Newco Beta: 4 vessels financed by CCB and CDB.
  c) Group C: GB Global, NSF (South and East)
  d) Group D: the remaining vessels, essentially comprised of Icon, Octavian, Stealth, FSL



II. Background

Background

The Market

- Neither the tanker nor the bulker market recovered through 2012 and vessel earnings have remained low
  - The tanker market has shown signs of firmness in Q1 2013 but there is little optimism for a sustained recovery before Q3 2013
  - The bulker market continues to be very weak and has performed slightly below the Nov 20 Business Plan forecast during Q1 2013
- Asset values have continued to deteriorate through the end of 2012. The latest levels as per Clarkson Research sustained decline to multiyear lows:
  - 5yr old VLCC, Aframax and Product tankers at $57m, $28m, and $22m
  - 5yr old Capesize, Panamax, and Handysize at $33m, $18m, and $16m

Background

The Company

- The Company has actively been managing its portfolio since 2008, mainly via:
  - The investment of c.$700m in equity along with $1.8B of bank and sale-leaseback (18) financing
  - The Sale of 12 vessels upon delivery for net proceeds of $136m
  - The Sale of 17 vessels operating within the fleet for net proceeds of $79m
  - The sale –leaseback of 18 vessels to finance $665m in deliveries of which 7 in 2013 ($171m)
- Earnings from vessels financed by banks have fallen $45m short of debt service in the period 2011-2012. Similarly, earnings from bareboat vessels have fallen $43m short of obligations in the period 2011-2012.
- In order to maintain minimum operational liquidity, the Company has instituted a moratorium during the first quarter including the following measures
  - Deferral of 100% from all lenders other than CCB and CDB who have already agreed to a debt rescheduling starting from Q4 2012
  - Deferral of some November and December 2012 principal repayments
  - Deferral of 35% of the bareboat hire payments
  - Refinancing of Royal via Credit Europe facility; Repayment of 2012 bank principal overdue [1]
  - Management of supplier overdue through the quarter
- While all stakeholders have reserved their rights, some specific stakeholder actions have affected the cash flows
  - Unicredit has drawn on its deposit accounts
  - Icon issued a lien notice to the charterers and has directly received charter income
- With above measures and actions, available cash is projected at only c.$23.8m including retention at the end of March and c.$7.5m in restricted cash deposits

[1] Does not include default interest, margin increases and bank fees

III. Restructuring Proposal

AlixPartners

Restructuring Proposal

Key Assumptions

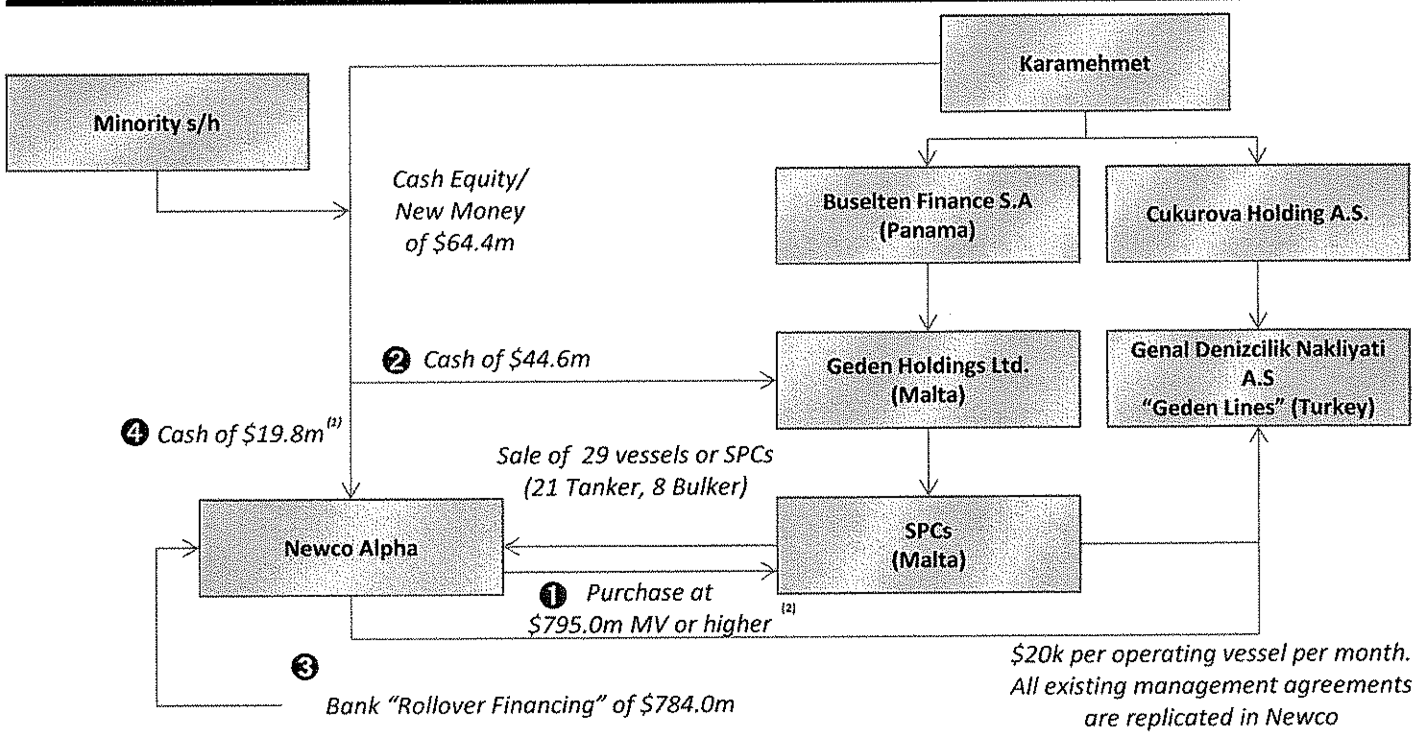
- Key assumptions under the Plan include
  - All ships sold **at minimum of market value or value of loan** and on an arms-length basis.
  - There will be **some change in the ownership** in the go-forward entities Newco Alpha and Beta (in order to protect relevant lenders from sister ship arrests in South Africa - type jurisdictions)
  - Stakeholders in groups **C and D will have the option to move into A** subject to loan modifications adhering to the conditions prevalent in that entity.
  - Stakeholders in **C and D can have their vessels redelivered** subject to acceptable terms for termination.
- The Company would prefer a coordinated financing approach in Newco
- The Second Lien debt relating to NSF and Credit Europe is transferred/novated upon the sale. There may be an opportunity to renegotiate terms of mezzanine debt (NSF, Credit Europe) as part of the sale but it has not been contemplated here
- Deposits related to facilities (Unicredit, Profit, etc.) are netted the outstanding loan amounts; the loans are reconstituted after the transaction and the deposits are eliminated

Plan B – Split of Fleet via Newco A

Newco A Example

- **Newco Alpha:** Intended to form a viable standalone entity of up to 29 vessels (21 Tanker and 8 Bulker) in which the quality of vessel earnings would enable limited deferrals compared to those required in the November 20 proposal; New equity provided in the transaction to reduce total bank exposure and improve LTV coverage ratio for the majority of the facilities
- **Assumptions :** **1)** Sale of ships at market value from Olco to Newco **2)** Equity to fund any shortfall in collateral in Oldco **3)** New bank financing in Newco provided at 95% LTV **4)** New Equity in Newco as required for 95% LTV.

Legal Entities



Note: Indicative transaction structure subject to legal due diligence

(1) Equity of $1.1m also as a result of transfer of Namun at value greater then senior debt

(2) $52.6m financed in excess of market value of assets

V. Conclusions

Current Proposal

Strategy and Objectives

- The solution provides, directly or indirectly, for the primary objectives held by the different stakeholders.

Objective	Comments
1. Compensate stakeholders adequately for their risk-weighted capital exposure and concessions	• Assets with similar risk profile pooled together provides for better aligned incentives • Lenders provided with adequate equity cushion, margins, and covenants • Provides for recategorization of exposure from "Geden Holdings Ltd" to Newco where equity is "in-the-money" and shareholders are better incentivized to provide ongoing support
2. Constrain formal or informal cross subsidization between stakeholders related to different underlying assets	• While it reduces the portfolio effect of a broader fleet, combining similar assets together limits risk of cross subsidies going from high to low collateral vessels • Pooling through creation of unique syndicate facility would facilitate granting of a second priority mortgage through the fleet as well as increase liquidity of bank assets, enabling lenders to sell out of assets without disrupting operations
3. Ring-fence potential sources of disruption, holdout, or nuisance (such as arrests or sister-ship arrests)	• Common set of incentives and exposure to recovery protects lenders from disruptive behaviour onset by other stakeholders with a markedly different position • Sister-ship arrest risk minimized given shareholding structure in Newco
4. Maximize options for stakeholders and potential for self-selection	• Rebasing of assets can provide mechanism for transfer from one Newco profile to another (ie. Group C and D into A) • Opting out of the scheme can be achieved via mutually agreed terms for redelivery of vessel to relevant lender

Potential loss on bareboat purchase obligations

- There exist a number of obligations to purchase at future dates under the following bareboat agreements. The cashflows reflect the following losses occurring via purchase and resale at the obligation date. It assumes no changes to market values but applies depreciation to current estimated values over the time until the purchase and resale date. If the vessels were retained rather than crystallize the loss, then there would be a greater cash outflow for refinancing plus further ongoing loss on vessels were these occur.

A/K/A GEDEN LINES; ADVANTAGE TANKERS, LLC; ADVANTAGE HOLDINGS, LLC; FORWARD HOLDINGS, LLC; MEHMET EMIN KARAMEHMET; GULSUN NAZLI KARAMEHMET - WILLIAMS; and TUĞRUL TOKGÖZ **Defendants**	:	**ADMIRALTY**

ATTORNEY DECLARATION

Pursuant to 28 U.S.C. § 1746, this declaration is executed by George A. Gaitas, counsel for Plaintiff, PSARA ENREGY, LTD., in order to secure the issuance of a Summons and Process of Maritime Attachment and Garnishment in the above-captioned Admiralty Cause. I, George A. Gaitas, declare under the penalty of perjury:

I am a Member of the firm of GAITAS, KENNEDY & CHALOS, P.C., attorneys for Plaintiff in the above referenced matter.

I am familiar with the circumstances of the Original Verified Complaint, and I submit this declaration in support of Plaintiff's request for the issuance of Process of Maritime Attachment and Garnishment of the property of the Defendants, SPACE SHIPPING LTD.; GEDEN HOLDINGS, LTD.; ADVANTAGE ARROW SHIPPING, LLC; GENEL DENIZCILIK NAKLIYATI A.S. A/K/A GEDEN LINES; ADVANTAGE TANKERS, LLC; ADVANTAGE HOLDINGS, LLC; FORWARD HOLDINGS, LLC; MEHMET EMIN KARAMEHMET;

GULSUN NAZLI KARAMEHMET WILLIAMS; TUGRUL TOKGOZ, pursuant to Rule B of the Supplemental Rules for Certain Admiralty and Maritime Claims of the Federal Rules of Civil Procedure.

I have personally inquired or have directed inquiries into the presence of the Defendants in this District.

I have directed attorneys in my firm to check with the office of the Texas Secretary of State, using the Secretary of State's database, to determine whether the Defendants can be located within this District. SPACE SHIPPING LTD.; ADVANTAGE ARROW SHIPPING, LLC; GENEL DENIZCILIK NAKLIYATI A.S. A/K/A GEDEN LINES; ADVANTAGE TANKERS, LLC; ADVANTAGE HOLDINGS, LLC; FORWARD HOLDINGS, LLC; MEHMET EMIN KARAMEHMET; GULSUN NAZLI KARAMEHMET WILLIAMS; TUGRUL TOKGOZ is not registered with the Texas Secretary of State. Accordingly, I have determined that, as of April 20, 2018, none of these Defendants are incorporated or registered as foreign corporations pursuant to the laws of Texas, and have neither nominated nor appointed any agent for the service of process within this District.

GEDEN HOLDINGS, LTD. is registered with the Texas Secretary of State[1], but cannot be found within this District. GEDEN HOLDINGS, LTD. is not subject to the jurisdiction of the Eastern District of Texas nor amenable to service of process within the Eastern District of Texas.

I have directed attorneys in my firm to engage a search of the Superpages telephone directory on the internet, and determined that there are no telephone listings or addresses for the Defendants within this District.

[1] GEDEN HOLDINGS, LTD. has appointed an agent for service of process located in the Northern District of Texas.

I have directed attorneys in my firm to engage in a Google search as to whether the Defendants can be located within this District. The Google search results did not provide a listing for the named Defendants.

I am unaware of any general or managing agent(s) of the named Defendants within this District.

In that I have been able to determine that the Defendants have not appointed an agent for service of process within the Eastern District of Texas and that I have found no indication that the Defendant can be found within this District for the purposes of Rule B, I have formed a good faith belief based on the investigation of the attorneys under my direction that the Defendant does not have sufficient contacts or business activities within this District and does not have any offices or agents within this District to defeat maritime attachment under Rule B of the Supplemental Rules for Admiralty and Maritime Claims as set forth in the Federal Rules of Civil Procedure.

It is my belief, based upon an investigation performed by attorneys in my firm under my direction that the Defendant cannot be found within this District for the purposes of Rule B of the Supplemental Rules of Certain Admiralty and Maritime Claims of the Federal Rules of Civil Procedure.

Dated: April 20, 2018
Houston, Texas

Respectfully submitted,

Gaitas, Kennedy & Chalos, P.C.
